

Reading Plan: New ICND2 200-101, Using Old Books

This reading plan breaks down reading, by chapter, with no attempts to be more specific. This plan touches the major topics, but not every single specific topic as updated in [the new books](#). This plan assumes you have both these older books already:

- ICND1 2nd Edition: The CCENT/CCNA ICND1 Official Certification Guide, **Second Edition**, by Wendell Odom
- ICND2 2nd Edition: The CCNA ICND2 Official Certification Guide, **Second Edition**, by Wendell Odom

Reading Plan for the ICND2 200-101 Exam

Read all chapters in the old books, except those listed in Table 1. This table assumes you followed the reading plan for the ICND1 100-101 exam first.

Table 1: Edition 3 Chapters to Read when Prepping for 200-101

(Old) Book and Chapter	Topic	Action
Book 1		
ICND1 16	WAN Concepts	Read
ICND1 17	WAN Configuration	Read
Book 2		
ICND2 2	Spanning Tree Protocol	Read
ICND2 3	T'shoot LANs	Read
ICND2 7	T'shoot IP Routing	Read
ICND2 9	OSPF	Read
ICND2 10	EIGRP	Read
ICND2 11	T'shoot RPs	Read
ICND2 12	Point-to-point	Read
ICND2 13	Frame Relay Concepts	Read
ICND2 14	Frame Relay Config	Read
ICND2 15	VPNs	Read
ICND2 17	IPv6	Read

Find information on the following major topics from another source; the chapters in the new books are listed for reference.

Table 2: Topics to Find Elsewhere when Prepping for ICND2 200-101

Topics	New Book / Chapter
FHRP	ICND2 6
WAN Survey	ICND2 15

T'shooting IPv6	ICND2 16
OSPF for IPv6	ICND2 17
EIGRP for IPv6	ICND2 18
Network Management	ICND2 19
IOS Licensing	ICND2 21
